Important Policies:

1. Courses must be completed with a letter grade of C- or better to transfer.
2. Official transcripts with the final grade must be sent directly from the other institution to the GW Undergraduate Admissions Office for posting.
3. Grade(s) earned at other institutions will not be included on your GW transcript or in computing your GW GPA.
4. There are limits on transferring credits as part of your final 60 hours towards a degree at GW. Forty-five of the final 60 hours must be in residence, as well as nine of the final 15 hours. To apply for modification of these rules requires a petition to the Associate Dean.
5. For students who entered GW in Fall 2007 or later – no more than nine semester hours can be transferred from colleges or universities after matriculation and no transfer courses from two-year institutions are allowed after a student has earned 60 hours.
